The day before your assigned registration time:

1. Go to the Pirate Port, then to WhitNet, to Registraton, then Financial Responsibility and click agree. Next go to Financial Information, then to Account Statement to make sure you don't have a Business Office hold as that will prevent you from registering on WhitNet.
2. Go to the Pirate Port and enter your courses in your Preferred Sections on Whitnet, then when it is your time to register you will only have to log onto Whitnet and hit submit to get registered for your courses.

All students will be given access to early registration via WhitNet based on total number of earned credits, check WhitNet for your number of earned credits. (Earned credits consist of any courses taken before Fall 2011 and any 1st half fall semester courses for which a grade was entered by 10/25/11, but does not include credits in progress during the fall semester.)

When logging in to register for your classes remember - Whitnet will time out after 10 minutes if you are not actively working in it, so don't log on too early.

If you need help using WhitNet, see a lab assistant in the computer labs in the Library. If you need your password, use the "Password Manager" function on the Pirate Port or contact the help desk at 509-777-3911.

NOTE: Students who want to sign up for Music lessons must do so in the Music Office.

NOTE: If Whitnet is running slow be patient and keep trying. If it is not working at all, call the help desk at 509-777-3911 or the registrar's office at 509-777-3205.
