11. You will receive an email message indicating you successfully registered or made a change in your registration (you will **not** get an email for creating a Preferred Section list). If you do not receive an email, check your class schedule under the Academic Profile Category, **My class schedule**. Or check your Preferred Section list under Registration, **Register for previously selected sections**.

**Please note:** Your session will *time-out* after **15 minutes** of being logged in if you do not click the “Submit” button. It is highly recommended that you add all your classes to the Preferred Section list, THEN register or remove classes from the list. If you are timed out, and did not submit any classes to your Preferred Section list, you will lose all search criteria and will have to start over.
