

REQUEST FOR ADDITIONAL FUNDING

Student's Name _____ Phone # _____

Before completing this form, please consider the following option first:

- **Dependent students only:** Have your parent applied for a parent (PLUS) loan? If a parent is denied the PLUS loan for credit reasons, then students are eligible to borrow additional funds from the unsubsidized loan program. Parents can also send documentation (such as unemployment, health costs, etc.) as to why they cannot take on additional loan debt. The counselor will then review the information to determine if s/he can make a professional judgment to grant the additional unsubsidized loan without the parent being denied the PLUS.

Additional funding for which you may be considered:

- Unsubsidized Stafford Loan
- Whitworth College Loan – subject to credit approval by the college-loan officer based on credit-bureau report
- Additional Perkins Loan – subject to availability of funds

To request additional funding through the financial-aid office, please complete the following:

THE TOTAL DOLLAR AMOUNT OF THIS REQUEST IS \$ _____.

REASON FOR REQUEST FOR ADDITIONAL FUNDING:

Special circumstances that might be considered would be car repairs (if your vehicle is your main resource to get to and from class), unexpected medical or dental bills, etc. Other circumstances may also be considered. The expense must be incurred during the academic year in which you are applying for the additional funds. Please be very specific in describing your need. It is important for the counselor to have as much information about your financial difficulty in order to make a revision. It is our goal to review these requests with as much objectivity as possible, since we will be adding additional loan debt to what you have already borrowed.
